

Timor Leste Underwater Photo Contest

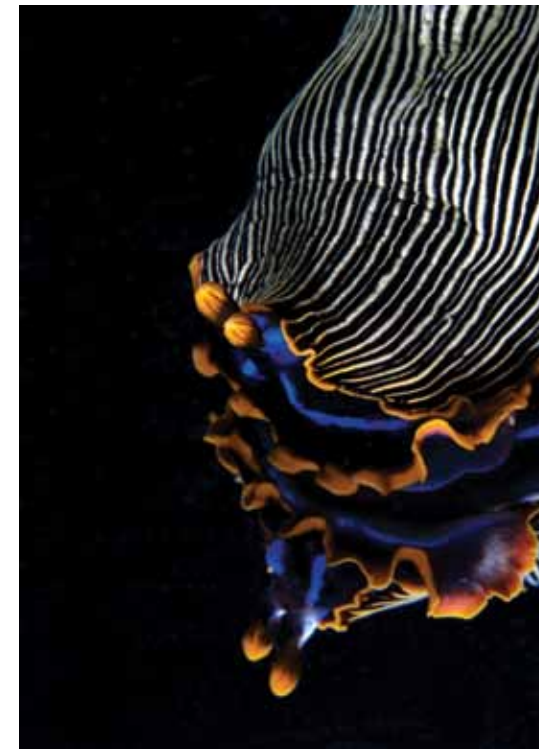

1st Prize Art
Ronny Rengkung

The sites have been dived, the photos taken and the winners chosen! Showcasing the pristine marine sites of the world's youngest nation, the first-ever Timor Leste Underwater Photo Contest saw 29 photographers from the region and beyond battle it out, including local hopeful Juve Belo. Shot between 10 and 15 October, the winning entries were selected by professional photographers Jürgen Freund, Daniel Groshong and Jason Isley, Timor Leste underwater expert Wayne Lovell and Asian Diver editor Jonathan Meur. To the winners, participants and sponsors, congratulations on championing this historic event!
